- 1st child 2yo. ♂ is apprehended & seeking P.O.
- "Sam a p. ward of other agency"
- Hx of anger, aggression, ? ETOH/drugs
- hostility towards adults/authority
- was ambivalent at 1st about parenting child #1, spent ~2/12 in supported parenting environment & then couldn't handle baby's needs so apprehended. & has not visited since
- 2nd preg also "chidden" from anyone, no prenatal care
- 2nd baby parents said they were ambivalent / had made no plans to parent so apprehended
- 2/7 later decided to parent
- prior worker felt ? post partum depression or some mental health issue
- cooperative & agency requirements to date
- has teaching support worker 2x/wk (8hrs) feels doing good. Steve stronger parent ?!
- ? why ambivalence re parenting ? depression
- to see how I'm doing about myself
- wasn't sure if ready to parent & birth + then thought about it & began to feel

- daughter + love her.

Stes - not sure at time, but after visits decided to take care of her.

- afraid that Dr. would sexually touch me, 20 yrs. & auntie. no prenatal care.

- we talked about baby, but didn't come to decision.

- mixed feelings about preg, not planned, mostly neg. feelings. And since didn't want to have child for awhile.

- wanted Educⁿ / job.

- started school Sept 5 G. 10

- Steve G. 10: look for job after daycare arranged. would like to make my own money.

- mad/sad/depressed

- Steve: sex whenever she's ready.

- Sam: never much interested in sex.

- Sam: happy, would like to be off welfare.

- Steve: lottery.

Sts - CES - O.K. not bugging us.

→ not depressed. mental health O.K. issues re sex/marriage/pain.
